

What Shall It Be?

Shall it be one of the new Browns with a bit of ginger in the weaving or one of the grays in a conservative stripe effect.

Or one of the to-be-popular dark effects with hair line or broken pencil stripes.

It seems as though never before did so many things combine to make men's suits a success as this season!

1911 Spring suits as Schloss Bros. & Co. have produced them rank with the most exclusive custom-tailored productions from 5th Avenue, New York; in cut, tailoring and materials.

Sweetwater Valley Farms

For several months we have had competent farm men engaged in looking up farm bargains in Knox, Blount, Loudon, Monroe, McMinn and Bradley counties. We decided to do this because we found that desirable farm lands were much cheaper there than throughout upper East Tennessee counties. We were sure that there were a great many farmers in this end of the State who could sell their properties at a price which would enable them to better themselves to an extent which would make it worth their while to make a change. We have been very successful in our campaign of listing farms. In fact, we have on our list about all the farms that are for sale at reasonable prices in that section, and **WE WILL SELL EVERY FARM WE HAVE LISTED WITHIN ONE YEAR.** We spend money to list properties that will **SELL**, and then we spend money advertising them. The results have always been exceedingly satisfactory to us. Again, we always give both buyer and seller a **SQUARE DEAL**, and it pays. It is the only way to succeed in the land business. However the thing which contributes most to our success is the fact that we never **OVER RATE** our farms. You will find them to be as advertised. Following are just a few of the farms which we have for sale in the **FAMOUS SWEETWATER VALLEY.** Remember, however, that these are not all. Write us promptly if interested.

Clay Creek Sunday School to Organize

The Bad Weather Caused a Postponement Until Sunday.

Bybee, March 29.—Will again take up some of your space this week with your permission. Old March is a busy month and every one born during this month is bound to be industrious. Unless we have pretty weather soon the farmer will not be able to plant much corn before May. I must say something about the Fence Law, although I am a girl and cannot vote. We, of this section, are for the No Fence Law, but did not have much hope of it carrying. If a man had just a few acres he would be compelled to sell the place to fence, and what good would his land do him, and he would be compelled to turn his little property over to the merchants for wire to fence it. Since I last wrote you, Hooper has been inaugurated and he is getting along fine. We have the reports of his having given, but one pardon and that to a dying

woman. He is certainly not to be criticised for that. Sunday was the day for the organization of the Sunday school at Clay Creek, but on account of the weather it was postponed until next Sunday. The people of the whole community have been invited to attend. Clay Creek church is of the Baptist denomination, but those of all denomination are welcome at the Sunday school meetings. Hubert Bible was coon hunting last week. Looked like Spring was coming from the way Roy Walker, who was looking his best, was wearing his clothes Sunday. Miss Clyde Marshall who is suffering with lung trouble is no better. Anse Wise is on the sick list, suffering from la grippe. Finch Sprouse who has been in the West for some time has returned. Grant Arms is one of the time-keepers on the road near here, and is very much pleased with his job.—TAM BROWN HEADED GIRL.

The funeral services over the remains of Dora Belle Hurst the little daughter of Mr. and Mrs. W. R. Hurst were conducted at the Presbyterian church by Rev. J. S. Black. Many sorrowing friends attended the services. The floral tributes were many and beautiful. The little daughter was sick but a week and her death came as a great shock. She was a beautiful child, winsome and attractive loved by all who knew her. Although not quite two years old she was exceedingly bright for one of such tender years. She was a lovely little sunbeam and will be missed by her bereaved parents and little brother.
